Milestone Medical Inc. Announces Distribution Agreement for Epidural Instrument in Poland

LIVINGSTON, NJ, March 23, 2015 -- Milestone Medical Inc. (WAR: MMD) today announced that it has entered into a distribution agreement for its epidural instrument with TRIMED Sp.z.o.o, one of the largest distributors of diagnostic equipment in Poland. In its ten years of operations, TRIMED has built a broad product portfolio for use in gynecology, obstetrics, cardiology, radiology and other medical applications.

Under the agreement, Milestone Medical granted to TRIMED exclusive rights for three years to distribute the CompuFlo™ Epidural instrument in Poland, with the rights to renewal, subject to certain conditions being met.

Przemysław Rzepka, CEO of TRIMED, commented, "We look forward to working closely with Milestone Medical to introduce the CompuFlo epidural instrument across Poland. Adding this unique precision instrument to our product portfolio will enhance the safety and efficacy of epidural procedures. We see significant market potential for the instrument in Poland.

According to numbers provided by the Central Statistical Office in Poland, the market encompasses over 8 million people receiving epidurals for pain management each year. Additionally, the Ministry of Health and the Polish National Health Fund are preparing legislation to allow the reimbursement of epidural anesthesia in natural childbirth."

Leonard Osser, Chief Executive Officer of Milestone Medical, added, "TRIMED is an ideal distribution partner, as the principals have a proven track records in launching new medical devices in Poland. Moreover, TRIMED brings a strong customer focus. Gaining access to such a sizeable market in Poland is an important step forward in our commercial launch in Europe."

About TRIMED Sp. z.o.o

TRIMED Sp. z.o.o. with offices in Krakow and Warsaw was founded in 2005. The company's current product portfolio includes: ultrasounds, endoscopes, fetal monitoring and electrocardiograph technology. TRIMED is the exclusive distributor for several leading global producers of medical equipment. About Milestone Medical Inc.

Milestone Medical, Inc. has developed epidural and intra-articular drug delivery systems based on a patented, painless, computer-controlled injection and drug delivery technology originally developed by Milestone Scientific, Inc. Development of both the epidural and intra-articular instruments is now complete and the Company is currently pursuing

regulatory approval in the U.S. and has recently received CE approval for both instruments in the European Union. For more information please visit www.medicalmilestone.com.

Safe Harbor Statement

This press release contains forward-looking statements regarding the timing and financial impact of Milestone's ability to implement its business plan, expected revenues and future success. These statements involve a number of risks and uncertainties and are based on assumptions involving judgments with respect to future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond Milestone's control. Some of the important factors that could cause actual results to differ materially from those indicated by the forward-looking statements are general economic conditions, failure to achieve expected revenue growth, changes in our operating expenses, adverse patent rulings, FDA or legal developments, competitive pressures, changes in customer and market requirements and standards, and the risk factors detailed from time to time in Milestone's periodic filings with the Securities and Exchange Commission. The forward looking-statements in this press release are based upon management's reasonable belief as of the date hereof. Milestone undertakes no obligation to revise or update publicly any forward-looking statements for any reason.
